

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

The Blue Carbon BOX 220V/8kW 30kWh is a high-performance energy storage system for households and larger residences, featuring high efficiency, low failure rate, and reliable off-grid and on-grid ...

Each unit is 100% solar-powered with battery backup, requiring no fuel, generator, or grid connection--ensuring uninterrupted, dependable operation in any environment.

Drawing on our extensive industry experience, including the deployment of hundreds of off-grid solutions over the past decade, we have gained insights into contemporary solutions involving solar and ...

You supply the container, RPS will hook you up with the solar panels, no-weld top of container racking system and Watersecure. Our all-in-one WaterSecure kit transforms your shipping container into a ...

Thanks to foldable solar arrays, the container is rapidly deployable -- operating within hours to support power needs across diverse scenarios. Built for longevity, the SolaraBox solar container is built to ...

A complete hybrid system that provides clean, affordable and reliable energy anywhere

ECO-WORTHY Power Box for Solar Tracker System IP65 Waterproof: 10W Monocrystalline Solar Panel + 6AH 12V LiFePO4 Battery with 3000+ Cycles and BMS Protection Plug and Play for Garden and ...

o System ready to be connected to external sources o Customized container color and logo o Plug and Play o Forced ventilation / Air-conditioned o High solar connection capacity, up to 135 kWp. o ...

Delivering 10,000W of rated power output, this rugged pure sine wave hybrid inverter is capable of pairing with either GEL or LI batteries. Dual MPPTs provide 99% efficiency. Provides 120V and 220V ...
