

# Assonance Mobile Outdoor Unit for Bridge Applications 100kW

Beat the toughest challenges to connect cameras and laptops outdoors, robots in manufacturing, remote apps in ports and mines, and beyond. Scale and secure your wireless connections for harsh ...

Our system is versatile, compatible with 400V grid systems, and supports a range of applications including peak-shaving, demand control, backup power, and frequency regulation.

Perfect for homes, banks, hospitals, schools, villages, factories, and supermarkets, this rugged outdoor ESS delivers reliable power with built-in cooling and safety systems.

The 100kW PDS has two 5-wire inputs to permit load paralleling and load transfer. The PDS provides multiple output receptacles to allow the connection of other PDS to create a PDS.

The 100KW / 215 KWH system incorporates patented virtual synchronous machine technology, enabling multiple remote parallel connections and off-grid switching without the need for communication lines.

When connected to a compatible diesel generator, it creates a hybrid system optimizing the generator and BESS operation to power varying load requirements. The result of this hybrid system is fewer ...

The HJ-ESS-215A is a high-performance 100KW/215KWh outdoor cabinet energy storage system featuring fast power response, all-in-one design, intelligent monitoring, and six-layer security design.

BreezeNET B is a comprehensive and highly-proficient portfolio of wireless point-to-point bridging solutions for license-exempt frequency bands. It offers long range and high-capacity support for high ...

Unlike traditional utility stations requiring concrete foundations, this Skid-Mounted 100kW-250kW Unit is ready-to-deploy on rough terrain--perfect for temporary construction sites and mobile mining camps.
