

# Botswana communication project base station cost price

How much does Botswana data cost?

In 2019, the Botswana Communications Regulatory Authority (BOCRA) engaged with operators and agreed to cut data prices by up to 46 percent making data prices competitive in the region. Prices for a prepaid 2 GB data package with a 30-day validity by a 3G or 4G network provider with the largest market share fell from \$8.16 in 2019 to \$5.93 in 2020.

Does the US export telecommunication equipment to Botswana?

U.S. exports of telecommunication equipment to Botswana have increased significantly over the last several years due to a \$20 million investment from a satellite communications provider. This figure does not reflect those U.S. products exported to South Africa and imported to Botswana by South African distributors.

What is Botswana's e-commerce strategy?

A national E-Commerce strategy to promote the use of digital technology in Botswana's commercial and public spheres was launched in October 2021 and subsequently an e-portal to operationalize the strategy has been developed and piloted.
