

Are there container projects in Costa Rica?

Despite its size, we've seen a number of container projects in Costa Rica. Like most parts of Central America, most parts of the country are a fairly short trip to a port on the coast. Building codes and permissions in Costa Rica, as in many countries of Latin America, are still in their infancy.

How does a construction project work in Costa Rica?

Your designer will prepare project documents and submit them to the Federal Board of Engineers and Architects of Costa Rica (Colegio Federado de Ingenieros y Arquitectos, CFIA) via the electronic Construction Project Administration system (Administrador de Proyectos de Construcción, APC).

Can you build a shipping container home?

For a modest sum, you can build a shipping container home, and fashion it to meet a multitude of needs, from a shop on a busy street, a surf camp home or mountain retreat, or for safe secure storage. Containers also make an emergency container home shelter for those hit by natural disasters or serve to house migrant populations.

Are shipping container homes fire resistant?

Container Homes are solidly built fire-resistant, and hurricane resistant. For a modest sum, you can build a shipping container home, and fashion it to meet a multitude of needs, from a shop on a busy street, a surf camp home or mountain retreat, or for safe secure storage.
