

We specialize in all-in-one and modular solar power systems, including stackable lithium battery cabinets, wall-mounted ESS, and hybrid solar inverters.

Solar panels unfold like origami, paired with lithium-ion batteries storing 100 kWh. These modular systems can power 50 households or a mid-sized clinic for 72 hours straight.

Our mission is to bring the cost of solar down, which is why we have started with the most expensive part of a solar system: the batteries. We offer the lowest cost for batteries anywhere in Jamaica ...

Jamaica's cylindrical lithium batteries with soft mouth technology offer safer, more efficient energy storage across multiple industries. With growing renewable energy investments and IoT expansion, ...

What is HJ mobile solar container?The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium ...

5.12kWh Solar Storage Battery SRNE SR-SE05B Overview The 5.12kWh Solar Storage Battery SRNE SR-SE05B is a reliable and efficient energy storage solution designed for both residential and ...

Our Li-ion battery portfolio covers cells, modules 48V, cabinets (indoor/outdoor) and containers, which offer customers excellent scalability and adaptability to a wide variety of requirements.

GSL Energy has successfully installed three advanced 14.34 kWh floor-mounted lithium iron phosphate energy storage systems in Jamaica. These systems, integrated with SRNE inverters, ...

Below is a data-based look at Jamaica's most popular battery options--from small 5 kWh residential systems to imported high-voltage lithium cabinets--so you can decide which fits your ...

Xfinity LITHIUM LiFePO4 Battery offers durability, High performance, Maintenance-free reliability at an affordable price. Equipped with a built-in state-of-the-art BMS Battery Management System to protect it.
