

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

Highjoule delivers advanced solar & energy storage solutions in Kenya, offering residential, commercial, and industrial systems to support sustainable energy development.

Good Stays provides reliable, plug-and-play power with our innovative foldable solar containers. Designed for remote Africa, our portable units power mining camps, telecom towers, agricultural ...

The PPFIC30K36P30 is a compact all-in-one solar storage system integrating a 30kW power output, 36kWh energy storage capacity, and 30kWp high-efficiency foldable PV modules--engineered for off ...

The H10GP-M-30K40 delivers 30kW of solar generation and 40kWh of storage, housed in a 10ft mobile foldable container. Using high-efficiency 480W panels, it's engineered for mid-size off-grid needs like ...

Leading provider of large-scale photovoltaic power plants, custom folding solar containers, and complete energy storage systems across Southern Africa and international markets.

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site.

An off-grid power system that delivers power to converted container buildings and container-based renewable energy systems designed to supply power to other buildings.
