

How big is the microgrid market?

Image © Mordor Intelligence. Reuse requires attribution under CC BY 4.0. The Microgrid Market size is estimated at USD 20.54 billion in 2025, and is expected to reach USD 46.99 billion by 2030, at a CAGR of 17.85% during the forecast period (2025-2030).

What is the global microgrid market value in 2022?

The global microgrid market reached a value of US\$28.9 Billion in 2022. As per the analysis by IMARC Group, the microgrid companies are focusing on various technological advancements to enhance the performance of battery inverters and ensure reliable and sustainable power supply.

Who are the major players in the global microgrid market?

The global microgrid market has several major players including Lockheed Martin Corporation, ABB Ltd., General Electric Company (GE), Eaton Corporation Plc, and Siemens AG. More information about these companies has been provided below. 1. Lockheed Martin Corporation

What are microgrid solutions?

It is a leading provider of microgrid solutions, which are localized power systems that can operate independently of the main electrical grid. Its microgrid solutions are designed to improve the reliability and efficiency of power systems, while reducing their environmental impact.

Microgrid Merchants With more energy organizations modernizing grid infrastructure, microgrids and distributed energy resources (DERs) are quickly becoming a popular, cost-effective alternative to ...

The global microgrid market size reached US\$ 32.1 Billion in 2023. As per the analysis by IMARC Group, the microgrid companies are focusing on various technological advancements to enhance the ...

Microgrid Market Analysis by Mordor Intelligence The Microgrid Market size is estimated at USD 24.44 billion in 2026, and is expected to reach USD 54.99 billion by 2031, at a CAGR of ...

36 Leading Microgrid Companies Shaping Global Energy Resilience Through 2030 Discover which organizations are pioneering the future of sustainable, decentralized energy. This overview spotlights ...

Microgrids introduce new opportunities for participation in evolving energy markets while requiring robust, adaptable business models to ensure financial sustainability and stakeholder ...

The global microgrid market size was valued at USD 40.06 billion in 2026 and is estimated to reach USD 110.98 billion by 2035, growing a CAGR of 11.7%

Global Microgrid Market valued at USD 43.19 billion, driven by renewable energy integration, energy storage advancements, and demand for resilient systems, with key growth in US, Germany, and India.

Explore the top microgrid companies leading the industry. Discover our comprehensive list of key players driving innovation, sustainability, and growth in the microgrid market.

Explore the top companies and key players in the Microgrid Market with our detailed report. Get insights on key players, market strategies and learn about their market positions and contributions to the ...

Discover the top 10 best microgrid companies of 2025, including Dawnice. Learn how microgrids work and how leading microgrid companies provide customized energy solutions for ...
