

New Zealand Server Rack Wide Temperature Range Pricing

Where can I buy a server rack & cabinet?

4Cabling's range of floor standing and wall mount server racks & cabinets offer unprecedented value for money and quality. We stock server racks and server cabinets to suit every installation scenario, whether it is a small freestanding or wall hung server rack to a full-blown state-of-the-art sophisticated server room.

What size server rack do I Need?

The majority can house 19" server racks (industry standard sizing). Server cabinets and computer cabinets are offered in a range of heights to suit the number of racks you want to mount and can be open frame or enclosed. RS offers an extensive range of high-quality rackmount cases from leading brands like Schroff and Schneider Electric.

What features does a premium range server rack have?

Our premium range server racks have several features that aren't found on basic cabinets and racks including integrated cable management, lockable mesh doors, earthing wires for grounding, cable trays, bi-fold mesh rear doors, removable cable glands on the top and at the bottom of the rack, sliding shelves and fan kits.

How do I choose a server rack?

Some units are supplied as half racks, where they are the same height but half the width of a standard unit. When choosing the cabinet for your application you should consider the number of server racks you want to mount. The most common mounting types of network cabinets are wall mount, floor standing or desktop.
