

China Nuclear Industry 22 Construction Co., Ltd. Nuclear Power Engineering Department announced the results of the 2023-2025 photovoltaic bracket procurement on October 8th.

The Saudi Arabian Ministry of Energy announced on Monday the names of shortlisted bidders in a tender that seeks to award 1,200 MW of solar photovoltaic (PV) ...

The tender announcement indicated that the framework procurement for the integrated PV flexible mounting bracket project (including design, production, and construction) for 2025-2026 ...

The bidding scope includes project resource acquisition, survey and design, equipment procurement (project PV modules, inverters, Bracket shall be provided by the Tenderee), power station ...

The bidding contents include the procurement, processing, production, transportation, on-site guidance and installation of photovoltaic module brackets, inverter brackets and junction box brackets, ...

Search all the solar photovoltaic (PV) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in United States (US) with our comprehensive online database.

Huasun Energy has successfully secured a significant bid for China Datang Corporation Ltd.'s 2024-2025 centralized procurement of 1GW n-type heterojunction (HJT) photovoltaic (PV) modules.

Did you know that flexible photovoltaic (PV) bracket systems could reduce installation costs by up to 18% compared to fixed structures? As solar projects face tighter budgets and complex site ...

PowerChina launched a bidding for 60GW photovoltaic brackets, setting the largest annual procurement scale in the industry

In some coastal areas, because of the frequent hurricanes, the strength requirements for photovoltaic brackets are very strict, which requires PV bracket manufacturers to be able to ...
