

Huijue has a senior technical team and an efficient supply chain system, and its production capacity and contract performance capabilities are fully guaranteed.

The 8kW-10.4kW Hybrid Grid-Tied Solar Inverter from HuiJue Group provides a flexible, efficient, and reliable solution for residential and commercial solar installations.

Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes.

Huijue Solar's Simplified Solar Inverter With Battery - PV Integrated Machine is an integrated design that combines photovoltaic modules, solar inverters, lithium batteries for energy storage, and energy ...

Whether in residential homes or commercial buildings, Huijue Group's new generation home energy storage inverter system delivers efficient, convenient, and reliable energy solutions, ...

HI30N/3KW and HI50N/5KW are pure sine wave photovoltaic off-grid home integrated inverters designed with the latest advanced full-digital controlled technology.

Our series provide reliable energy conversion in different applications and guarantee a high performance with efficiency at home, business, or industry, in a great power range starting from 3kW up to 50kW.

The Huijue home energy storage and inverter all-in-one system integrates a photovoltaic inverter, energy storage lithium batteries, and an energy management system into one.

Professional manufacturer of solar and power inverters, offering grid-tie inverters, hybrid inverters, off-grid inverters, solar batteries, solar kits, and complete solar energy storage system solutions.

In our homes, the Huijue inverter can work with solar panels and energy storage systems to make our homes energy self-sufficient. On sunny days, electricity is generated and used, with ...
