What are the best outdoor lights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. We love these lights so much, we've tested them twice. Both times we found them to be durable, easy to use, and bright. We also love that these spotlights can detect motion from as much as 33 feet away, depending on the setting.

Are solar lights good for outdoor use?

Solar lights are overwhelmingly powered by LEDs because they consume significantly less energy than traditional incandescent or fluorescent bulbs, allowing for smaller batteries and longer operational times. Because they are designed for outdoor use, most solar-powered outdoor lights offer decent water and weather resistance.

How do I choose the best outdoor lighting?

For optimal lighting, consider using a mix of outdoor lights around your property, including ground lights, accent lights just above eye level, and fixtures installed on the roof or above your driveway. For walkways, pathway lights on stakes are a popular choice.
