

What is a solar energy scam?

The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy or other home improvements designed to increase energy efficiency. If you agree to the scammer's offer, it could cost you tens of thousands of dollars.

Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

Are solar panel scams slowing down?

The rise in solar panel scams shows no signs of slowing down as long as vulnerable homeowners remain unaware of these tactics. Protecting yourself starts with recognizing these deceptive practices. Knowing how to spot the warning signs of solar panel scams can save you thousands of dollars.
