NEW ENERGY STORAGE PROJECTS IN SOUTH AMERICA The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years.

Recently, a 25MWp photovoltaic energy storage project undertaken by Sano Energy at a South American mine successfully achieved its first grid connection and power generation.

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.
