

Supplier of Temperature and Humidity Controlled Data Center Racks

Are flexible server racks and aisle containment solutions a sustainable solution?

Our flexible server racks and aisle containment solutions for hot and cold corridors are both cost and energy efficient. We help you to create a complete, future-proof and sustainable solution. Efficient and flexible solutions with endless possibilities - "The Enoc Way". Aluminium profiles, integrated doors and concealed screws.

Are self cooling cabinets a good choice for a data center?

Capable of providing up to 4 kW of cooling, these self cooling cabinets with NEMA rated air conditioners protect the delicate electronics inside from heat, dirt, moisture, and tampering. Simply put, these cabinets are a cost-effective alternative to installing a data center with a climate-controlled cooling system.

Do Enoc data center cabinets look good?

Enoc data center cabinets always look good and are suitable for both offices, server rooms and data centers. Rounded corners give your cabinets a streamlined appearance and a modern, attractive design. At Enoc, we help you create complete solutions for your data center. Server racks and aisle containment for both large and small data centers.

What is a server rack & network rack?
