

# The top ten energy storage lithium battery production capacity rankings

This article will take you through the ranking of the top 10 global energy storage battery cells in terms of total shipments, provide you with a detailed explanation.

This graphic highlights the top 20 BESS markets by current and planned grid capacity in gigawatt hour (GWh), based on exclusive data from Rho Motion as of February 2025.

We present the largest, most influential battery manufacturers, exploring their market positions & strategies that have enabled them to dominate the industry.

To keep the Top 10 comparable and publication-ready, the methodology uses one anchor per country and labels the anchor type clearly. That way, readers can understand why a country ranks high: ...

Chinese energy storage battery companies performed exceptionally well, achieving record-breaking global shipments. CATL maintained its leading position for consecutive years, while other ...

In 2024, CATL secured the top position of companies by battery (power and energy storage) installed capacity in the global market in 2024, with an impressive 491 GWh, representing a 29% year-over-year increase.

This comprehensive analysis ranks the top 10 BESS manufacturers based on production capacity, global market presence, technological advancements, and notable project implementations.

Among the top 10 global battery manufacturers (power + energy storage) in 2024, six are Chinese companies: CATL, BYD, EVE Energy, CALB, Gotion High-Tech, and Sunwoda.

Our rankings synthesize original industry research from sources like S& P Global, BloombergNEF, IHS Markit, and recent regulatory filings, ensuring you get the most authoritative insight into ...

As the global demand for renewable energy grows, energy storage batteries have become critical components in modern power systems. Below are ten of the most influential energy storage battery ...
