

Performance is further supported by the company's TPE technology, which uses advanced passivation materials to treat the laser-cut sidewalls of cells, essentially repairing edge ...

Smart Module By Tongwei Quality as deck, innovation as sail We ship reliable and advanced PV modules by virtue of leading modern intelligent manufacturing.

After large-scale and intelligent transformation, it can support the establishment of 120-150GW PV power stations, while producing 10 million tons of healthy and high-quality Tongwei aquatic products annually.

PVTIME - During the Key Energy 2025 event in Italy, Tongwei Solar formally signed a 200MW module supply agreement with Coenergia S.r.l., one of Italy's largest photovoltaic (PV) ...

Tongwei recommends 5 standard products of TNC Series, with wattage up to 450W, 515W, 620W, 625W, 715W respectively, which are widely used in residential, C& I and Utility Plants.

As the sole representative in the photovoltaic industry, Tongwei has secured one of the first batch of national-level pilot-scale demonstration platforms! Collaborate globally with friends to innovate, build ...

At the end of 2023, Tongwei Solar reached an agreement with the Ordos government in Inner Mongolia to jointly construct a green base material integration project with an investment of ...

Currently, Tongwei New Energy has developed and constructed 56 PV power stations based on "Fishery & PV Integration" in more than 20 provinces (municipalities) across the country including ...

Upon completion, this project will establish a complete integrated capacity for Tongwei, spanning from polysilicon to modules.

Recently, Tongwei officially signed a supply agreement of 200MW high-efficiency PV modules with Coenergia, Italy's largest PV distributor.
