

Which custom-made IP54 outdoor enclosure is best in Bangladesh

Why should you choose an IP54 enclosure?

Offer different sizes and shapes with many mounting ways Typically, IP54 enclosures offer protection for electronic or mechanical components. They also protect against voltage and moving parts, as well as against splashing water from any direction, thus ensuring the safety of people in contact with the enclosure.

Is IP54 suitable for outdoor applications?

IP54, just like our other IP enclosures, is suitable for outdoor applications because it is protected against low-pressure water sprays from any direction. However, keep in mind that these enclosures are not entirely dust-tight and waterproof, so very dusty or underwater environments may be too harsh for them.

Can a custom enclosure meet the IP54 standard?

If you are looking for a custom enclosure that meets the IP54 standard, our professional designing and development team can help you a lot. Metal finishes can be customized including aluminum alloys, stainless steel, galvanized steel, and carbon steel, to meet your application requirements.

How can I customize my IP54 electrical enclosure?

You can custom with cutouts, insulation, hinges, latches, or locks. At KDM, we are dedicated to meeting the cost-savings enclosure you need without compromising quality and the high performance you expect from your IP54 electrical enclosure.
